REASONS WHY WYMYN IN ROCK HAVE TO BE "ANGRY"
By Gordo Jazkowiak, Esq.

Injustice for all - Injustice Reigns supreme

This nite I was in the media play on sheridenne dryve 2 day and I saw a book that got my goat, it was ineptly called "Angry Women In Rock". First off, it should be spelled "WYMYN" so as not to offend our sistas what don't like to shave their pitz. Second, the book was about rich acceptable MTV big stars like Courtney Hole and Liz Phair and some other unmemorable (so I forgot their names) yet famous holes with no talent and bigge rekind (I mean cd) contracts! So they should indeed be ANGRY COS...

- They got some huge record label condomorate to back them
- This gets them MTV exposure (even more important - Airplay on the radio)
- This gets them tons of mainstream media acceptance WEDGE!
- This gets them tons of undeserved articles in big magazines like Rolling Bone and Spin and mainstream local paper "entertainment" sections like in Artvoice and the Buffalo Evening News
- This helps them sell records and get fame
- This makes them filthy rich doing whatever they want with little if any effort (unlike talented starving death metal bands with technical proficiency and no pot to piss in!)
- This assures them the "right" to be ANGRY!!!! So oppressed!

Female double standard BUT still always femme and never-

BLAST claudine longer AT TEN, YOU ANUS!!! I DO!!!
And WHO wouldn't be ANGRY with instant FAME and SUCCESS and MONEY for doing jack shit shitty "music" that for the most part sucks!!!
no u.s. exposure for st. etienne. figures.

It also inspired me to write poetry about the Pope:
Papal Sac, yours to grope
Infallible testes of the Pope
Who wouldn't want they mouf stufft wit da Papal Sac?
You'd hafta be nuts or smoking crack
To not want to receive the Blessing that will spill forth
And appoint thy unworthy forehead
When comes the Explosioin of Armagaeddon
One Way Ticket to Instant Heaven!

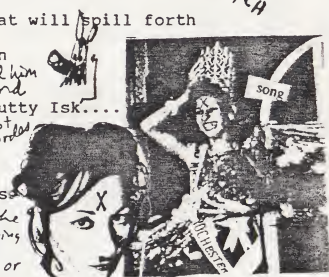

not to be confused with cactus sac, jack!

Beat-off!

We on the RSAS STAFF have been a-wonderin' how the Fuck "Off-Beatoff" Cinema can be considered "Offbeat" when it's based entirely on one idea (making fun of Beatniks) that was old hat in the fifties when it was a staple of vintage TV sitcoms. Take a look at Nick at Nite some day and you'll see that The Munsters, the ADDams Fam'ly, the Beverly Hillbillies, Doby Gillis, I Love Lucy, and the Dick Van dyke show all had episodes featuring "wacky" Beatniks for to laff at. "Offbeat Cinema" seems like it was produced from an old Saturday Nite Live skript that got shitcanned by Lorn Michaels cuz it was even too derivative for THAT show, but it's plenty innovative for Late Nite Buffalo TV, ain't it? No - we're not provincial Northeastern numbskulls - we've got a bunch of coffeehouse rejects showin' us how to be retro-kool and ironik.

 what a difference 10 years make!!!

I dunne readed in some guitar player mag-ah-zheene that Jimmi Hetfeeld has dunne solde oute and wrongfully acknowledges the non-existent "influence" of non-musicians like Headless Cobain and the rest of his crew of Seattlesound charlatans, plus he listens to Salvation Army bin bitch muzak like Carole King, Joni Mitchell, and Helen Reddi-whip, the fag! So here am summe suck-gestionnes foure the nameage of said slab of not vinyl but alumininum encapsulated in plastique so that Phillips may collect a mechanical royalty on each one manufactured!

To quote Meatallica theyselves, "Am I Grunge? Yes I fucking am!" **Cobain sings Better without his head!**

OK- the names... Alternica, Nirvanica, Pearljamica, Master of Grunge, Ride the Trend, Master of Sellout, And Bullshit For All, Grunge Up Metallica's Ass, Cliff Burton Spins in His Grave, Grunge Days Rererevisted, The Thing That Should Not Be (This Album), Grunge Messiah, ESP-Out Jaguar-In, Rimming Perry Farrel's Asshole, Bob Rock-n-roll Over, Poser Militia, MTV Doesn't Have Headbanger's Ball Anymore, Fight Grunge With Alternative, Fade to Grunge, And Grunge for All, Harvester of Grunge, And Nothing Else Matters But Money and MTV Airplay, Sad But True, The Four Grungemen, Trapped Under Alternative Nation, The Call of Money, Disposable Principles, Grunge Heros, Grunge Inc., Jump in the Trend, Forgot How To Solo, or how about "Load of Shit"?

By what're name this fetid piece of offal shall come to be called as, no doubt Violanti will love it. THAT will prove it is totally lifeless, soulless sell-out bullshit. I guess it was cool to tour with King Diamond when metal was "cool", but no more, and for that I hope all four of them also get hit by busses in they sleeps. Maybe Metallica can all start playing shitty guitars and get that much-coveted Squier or Epiphone endorsement?

Maybe they got fucked up like Jerry Garcia and forgot how to play guitar and had to re-learn, hence the coverup and grunge "excuse"? Do not buy this piece of corporate sell-out shit that hurts every true metallist to the core. Sure, Metallica didn't wear Spandex in the 80's, but is that any reason to excuse their sell out to talentless tuneless pop muzak of the 90's? This is indeed an ugly time to exist. I saw Jimmy Hetfeeld on MTV (of corse) the other day sayin' how he don't "give a fuk" about what people thinks of his albums. If that's so, how cum Metallica started chopping their songs down from eight to threee minutes so as not to bore their short-attention-span suburban concert-goers? They sakrificed complexitee and interesting song struktures to fit into the "radio-friendly" song format that everywun doth love so much. They can't even play fuckin' Master of Puppets in its entirety anymore cuz the nifty Outlaws-style middle sektion loses the losers' interest! And all those good "Justice four All" songs get mashed into a ridiculous sing-along medly cuz they're just too damn long for poser audiences. FUCK THAT.

Ruling is blow to rape defense

ABERDEEN PROVING GROUND, Md. — A
military judge ruled Friday that because drill
sergeants have so much power over trainees, they
don't need to use a weapon or threaten force to
be found guilty of rape. It was seen as a major
Sgt. Delmar Simpson. The judge also ruled women
Story on A4

In a major setback for the defense in
Simpson, the judge further stated that the
women need not resist or object, either.

Civilian defense attorney Frank J. Spinner
angrily shouted at the judge that the
ruling dilutes the definition of rape so that
that men cannot defend themselves
against the charge.

"Do we have law that has become so
paternalistic that now they don't even have
to say no?" Spinner asked. "Are
trainees so ignorant that they can't distinguish
between a drill sergeant telling them to
run up a hill or lie down on a bed?"
Simpson, 32, could get life in prison
for a single rape conviction.

BIBLE STUDY LESSON NUMBER ONE

For the instruction of all Niverciders....

Today we examine the ninth chapter of the book of Luke, wherein Jesus is talking to the Disciples Twelve. After telling them what's going to happen after the Second Coming, Jesus plainly states: "But this is the simple truth - some of you who are standing here right now will not die until you have seen the Kingdom of God." (Luke 9:27) Since all of them did in fact die without seeing it, we're obviously dealing with a Biblical Deception. So today's lesson is: don't believe a word that the

"Good Book" tells you! (P.S. - Tell all your Bible-believing friends about this passage and watch them squirm when they can't explain it..)

Who Was Jonah?

LOVERS OF TRUTH?

SOME REASONS WHY COMATOSE BUFFALO ALTERNAPUCKS LOVE GRUNGE BUT HATE METAL:

- 1) Long, complex song structures confuse them and challenge their three-minute attention spans. **NEED ANSWERS?** Read.
- 2) Technically difficult guitar solos make them feel inadequate and musically inept, which they are.
- 3) Their lives suck, so mopey, cry-baby Nirvana lyrics make sense to them.
- 4) They can't concentrate well enough to listen to more than one melody at a time, so they love it when a single guitar and a single bass play in slavish unison. 
- 5) They secretly long for the sixties and fantasize about how great it would be never to have to wash their hair. 
- 6) The slow, ponderous tempos of grunge "songs" match the snail's pace of their tedious, go-nowhere lives.  EDDY VEDDER

There's plentee more, a-course, but let's stop at that heavenly number SIX! 

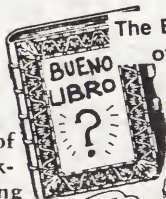

Should we be surprised that the Buffa-hole Newz artikle about Heavy Metal got it all wrong again, as usual? Lauri Githens don't know that there's a difference betwixt Slayer and Poison, yet she's given the chance to write long-ass music articles like she's some kinda eggspert on the subject. FUCK THAT!

Dear The Ski-Mask

"Certified by Test to Teach"

Dear The Ski-Mask- I met this great girl. She is a virgin and wants to stay that way until she marries. No problem.

How can she not want to have sex, but be willing to let me and countless other strangers see her naked? I am confused.

- Moron

Dear Moron- As to your first point, "no problem"? What the fuck do you MEAN "no problem"? Are you a castrated by the lies of postfeminist liberalism simpering wimp? Don't you want to "try out the goods" before you sink your money into what might be a one-trick pony what will marry u then divorce you and get the house the car and all your hard-earned money cash? You should sink your pole first and test the meat to see if it's something you want. She may be a lousy lay and then you're "struck"! Maybe she's a prude who don't dig your partic'lar brande of goode olde fashioned anal penetraculo!

As to point two you make, she likes to get naked because she is the archetypal "feminine tease", the look but don't touch confuser of oafish masculine "minds", like the feminine mystique described so well in Dr. LaVey's The Satanic Witch, formerly known as The Compleat Witch. A minchange is in order- Riverside stylee!

Damn right you are confused- only not over what you might "think" you are confused over! What you really need is some strict transgender reeducation, in the basement of All the Saints Church School. I will hand castrate you and then you will be turned from the oafish sex-preoccupied manly brute you currently r and that makes for all the misery real or perceived in your sad lil' Riverman "life", and turned into what you really are inside- a polite, submissive little nutless Catholic School Girl, and forever you will write senseless book reports and do endless hours of goofy math homework decked out in a plaid jumper and navy blue tights for eternity in the All Saints School Basement under my strict and mericiless authority forever and ever amen as this is truly the ONLY thing in life that will ever make you happy! See you there, Priscilla (your new name)!

Writeth ye in wit' yer wimpy azz complaints bitches of all the three sexes, to Dear The Ski-Mask c/o Riverside Art Scene, P.O. Box 638, Kenmore, NY 14217 USA or email: MrSkiMask@aol.com, you fuckface turd!

One of the worst sufferings of a crucified person was thirst. Jesus also showed that He felt this with all the other pains of the cross. He said: "I thirst." One of the soldiers dipped a sponge into the sour wine that they had there. He held it to the lips of Jesus.

RICHARD THE HUNTINGTON LEARNING CENTER

ARTVOICE Goddess

Generation Ex Lax (true) Stereotype o deeg-Month...

This month we are proud to present an in-depth analysis of that scorge of many an alternative art space and idiotic slacker bar (like The "Old Pink"), the knock-kneed girlfriend!

This clueless, usually silent bitch comes tagging along with her would-be artist boyfriend who listens to Sonic Youth and actually likes it, or so he sez. She only pipes up when she feels the need to spout out such tripe as "I for one am offended" when she herself has no talent or abilities (other than fellating her dorkazoid boy toy) to speak of. she regurgitates tripe she "learned" (memorized) from her "media studies" (easy credit classes taught by pretentious alcoholics) "classes" at U.B., Buffalo State, and/or E.C.C.

She usually wears black tights on her ugly boney legs, black to hide the pasty white pimply skin there beneath, as only such a dark color will truly offer safe coverage, and a mid-length dress she "scored" at Amvets Thrift Store for way too much money (like \$15) that she wrongly thinks is a bargain. or cut off blue jeans with frayed edges. She may have a lameass piercing here or there and maybe a tastefull hidden ankle tattoo of a heart or a rose.

She thinks she's an independent 90's bitch, but really deep down all she wants is for her alternafuck "boy"friend to pop the question (if not cherry- vaginal OR anal) so she can get legitimately knockkneed up, as it were! Then the happy little alternafamlee can move into a "funky/cool" apartment in Allentown and pretend they're pseudo-beatniks and hang out often at the Village Green. (She like bagels, not doughnut.) Then her squalling little shitbag brat will howl and wail to the annoyance of all the other shoppers while she browses the oversized art-book section and fantasizes about how the rainy, out-of-focus photos she took in college of broken windows in an abandoned factory building are gonna make her famous as an artist someday, when in reality she'll be nothing but an almost-perpetual student until she's about forty-five. The lamest part about her is how easy it is to get into her head and know all this shit about her by simply looking at her and hearing some choice whiny comments bleating out of her mouth. What we're writing here will be called misogyny because it's true and it's about a woman, but of course when we illuminate the truth about male stereotypes, that's fine and fukin' dandy unless of course it's a gay male stereotype.

Not yet 20, Janet gave up school a few months ago and headed for the big city with big idea: Result? She's back at school, learning to act up.

Be Your Own Art Teacher

Even if You CAN'T DRAW
A Straight Line!

IT'S EASIER THAN YOU THINK!

So you all wanta be an arteste? Well, there are some very stringent rules you MUST follow. Hell, all the bozos at Hallwalls, that exclusionary, yet publicly-funded (?) clique over ALMOST near Downtown (Julie Browne) de facto subscribe unto the said following rules I will heretofore describe unto you so that you too may attain that fabled status of "arteste"!

1. You must either be an untalented rich kid pretentious piece of shit with a big fat trust fund so that you can tour the nation and PRETEND you are from New York City and ram your pretentious piece of rule-keeping and never breaking and never ever innovating shit that looks like every other bad piece of crap documentary pity party or lame ass pseudo-parody piece of trash film down other stupid rich kids' throats who can likewise kiss your ass and pretend you are famous just like they are. The olde inoffensive "avante garde" (in their own mindz) "cutting edge" (in name only) rich kids' network of tripe. or

2. You must have a closed mind to anyone or anything or any point of view contrary to yours. Don't discuss intelligently your differences EVER. Simply huff and puff and spout out "I for one am offended" then pout and hold a grudge for life against that person who might believe something different than your so-called "politically correct viewpoint" Be a left wing stormtrooper!

3. Never be original or you'll be told "It's been done before". Instead tell this to newcomers and would-be innovators. Dilute it. Add political correctness. Then rip it off yourself. THEN it will be "original"!

4. Claim some sort of sexual deviation from the "mainstream", but not TOO deviant. Sucking your foreman's cock if you are a man is ok. Screwing the family dog is not. Why? Don't ask me! Hypocrisy is the rule of the day!

5. Kiss lots of ass. Hell, even Galilleo recanted and admitted that the sun revolves around the earth. You'd do well to do the same. 6. Use big words & phrases you don't understand - throw in lots

Follow these rules and you too may wind up on the cover of "ArtVoid" or in a "Buffalo Evening News" fluff piece in the lifestyles section! Oh, such TRUE and INSTANTANEOUS Fame!!!! be tame! Earn fame! And don't forget to take your prozac!!!!
